## Description:

The United States is being torn apart by the Civil War. Brother fights brother and the country's rivers run red with the blood of the dead. But the Confederates have lost their most important general, Jonathan 'Stonewall' Jackson and the South's hopes of winning the war have dimmed... In the South's darkest hour, a letter arrives giving General Robert E. Lee instructions on a path to vengeance for Jackson's death and a way to halt the Union army in the south. Now, something else has arisen and is hungry for revenge. The corpses of dead rebels are returning to life and they want to chew through the Northern war machine. Only in victory can their curse be ended and they can return to the ground for their final rest. The Southern Devils are loose and the Civil War will never be the same.

Wow ! Just WOW! This book was masterfully done. Take all you know about the Civil War and add a layer of a secret war going on behind the scene, where General Jonathan Stonewall Jackson and his men were reanimated after being killed in the field with the purpose of getting revenge by who they thought was the enemy. Of course, this was done through a pre-set plan due to premonition and the help of his loyal trusted slave Hetty a Voodoo High Priestess. All the key players are all in the book from both North and South. Mr. Abell not only knows his history but created an amazing story that plays out in conjunction with the historical facts with a bit of the supernatural. I truly enjoyed this book even though I am not a die hard History Buff. The way Mr. Abell knit this story together was truly masterful and brilliant. I look forward to reading more from this Author.
